Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand the customer's point of view and identify challenges faced during credit card approval. The template helps design an intelligent machine learning solution for faster and more reliable decisions.

PS	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A customer applying for a credit card.	Receive a quick and accurate approval decision.	Traditional approval processes are slow and involve manual verification.	Income, employment history and repayment behavior must be evaluated carefully.	Uncertain and anxious about the final approval result.
